Applicator or Applicator Business Name: Lawn Tech Inc

Address: 1248 S. 55th Trk Box 158

Phone: (973) 895-8930

Dear Customer:

Date of Application: 10/3/16

The New Jersey Department of Environmental Protection Pesticide Control Program requires that we provide you with information about the materials that we will be using as part of the pest control program for your property. We are using this *Consumer Information Notice* to provide you with this information.

to provide customers with information that we are using this *Consumer Information Notice*

Sanitation, as well as physical and biological control measures, should be considered as part of a good pest control program. Pesticides may be used as another part of a good pest control program. Pesticides are substances used to control living organisms and vary in degree of toxicity.

a good pest control program. Pesticides are substances used to control living organisms

We will apply the pesticides listed below to your property as part of your pest management program. If we provide you advance notice of possible pesticides to be used, we will subsequently leave written notice of the specific pesticides used on the application date. The exact dates of application shall be made available to you if you request it. Additionally, you may request a copy of the label for each pesticide that we will use. In certain cases, we will provide you label precautions relating to residential or general public safety to follow prior to and/or following application of individual pesticides.

pesticides used on the application date. The exact dates of application shall be made available to you if you request it. Additionally, you may request a copy of the label for each pesticide that we will use. In certain cases, we will provide you label precautions relating to residential or general public safety to follow

BRAND NAME	COMMON CHEMICAL NAME
<u>Timea Classic</u>	<u>2-4-D</u>
<u>"</u>	<u>Propionic Acid</u>
<u>"</u>	<u>Dicamba</u>

You will also notice that, following each application, at least one sign will be placed on your property that says PESTICIDE TREATED. The sign(s) must remain in place for at least 72 hours following the application. We will remove the signs for us.

that says PESTICIDE TREATED for at least 72 hours following the application. We would appreciate it if you would

We are also required to provide the following phone numbers for your use in the event you have questions concerning the materials that we will be using:

questions concerning the materials
